Long Synopsis:

It's Supper Time presents 52 devotions that direct our thoughts to Calvary in a creative and inspiring way. Each presents the truth of Christ's sanctifying work in our lives but from a variety of perspectives. They are inspired from news stories, historical events, every day experiences or familiar songs. Old and New Testament scriptures reinforce the themes and prepare your heart for the Lord's Supper. Each one is a fresh look at the familiar observance that will help us renew our remembrance of Jesus.

The devotions were developed for use in worship services for preparation for the Lord's Supper. The Lord's Supper is so familiar to Christians that it is easy to fall into the trap of repeating the same comments about it time after time. This is especially true for someone who is asked to make remarks frequently or on short notice. Using these prepared devotions will help avoid falling into that trap. This book provides a ready resource for someone to use for preparing remarks for the Lord's Supper. The devotions can be used as written and most will fit perfectly within your own worship service. They can be used as a starting point for someone to add additional thoughts.

The book is also an excellent resource for personal devotions as a reminder of Christ's love expressed at Calvary or for personal worship for someone who is unable to participate in worship with the church.

Regardless of the application, each of these devotions will direct your attention, renew your appreciation and inspire your adoration for Jesus and his sacrifice that redeemed us.
